EXEMPTION—MINISTRY OF THE ENVIRONMENT—MOE–31/3

Having received a request from the Regional Director, West Central Region, Ministry of the Environment, that condition 4 of exemption order MOE 31/2, which is filed as Ontario Regulation 101/90, for an undertaking, namely:

> The activity of managing the contaminated wastes which may be found in the soil and groundwater both in and around the former Chemical Waste Management Limited property at site 7, Lot 6, Concession 9, Smithville Industrial Park, Township of West Lincoln, Regional Municipality of Niagara; which management activities involve an ongoing securing and control of contaminated wastes, destruction of secured PCB wastes, remediation of contaminated groundwater and bedrock and the off-site disposal of contaminated wastes which may not be suitable for destruction,

be amended to provide sufficient time to complete the ongoing PCB waste destruction; and

Having been advised by the Regional Director, West Central Region, Ministry of the Environment, that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. It will not be possible to complete the desctruction of PCB wastes at the site in the time allowed by exemption order MOE–31/2.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The Liaison Committee with representatives from the local citizens which was established to monitor progress made in the cleanup of the site and eventual disposal of the contaminated wastes and the council of the Township of West Lincoln have agreed to the extension so that the destruction of the PCB waste can be completed in a timely manner; and

B. The various instructions, approvals and orders which may be issued under the *Environmental Protection Act* and the *Ontario Water Resources Act* will result in the management activities being carried out in a safe manner.

Therefore condition 4 of the exemption order is replaced and the other conditions remain the same, all as set out below:

1. No wastes other than contaminated soil, water or other materials from the management activities being carried out under this Order shall be brought to the site.

2. This undertaking involves the management of wastes, including:

   (a) cleaning up the site and immediately surrounding area and bedrock;

   (b) destroying, by approved mobile incineration facilities, PCB waste stored at the area;

   (c) decontaminating PCB contaminated soils and possibly bedrock, and subsequently redepositing them;

   (d) storing, temporarily, in existing or new structures, any waste that cannot be destroyed or decontaminated on the property until it can be removed to other certified waste disposal sites when they become available; and

   (e) offering first right of acquisition of the property to The Corporation of the Township of West Lincoln once the site has been restored to a clean condition so that it may be used for the originally intended use.

3. The principal activities associated with the undertaking include the following:

   (a) acquisition, through ownership by the Province of the property formerly used by Chemical Waste Management Limited at the Smithville Site and acquisition of the right to use any necessary adjacent property;

   (b) consolidation of the wastes, including: contaminated soils, contaminated equipment and materials associated with ongoing cleanup activities at the site;

   (c) destruction of PCB wastes by means of approved facilities;

   (d) construction and preparation of a waste water treatment facility for treatment of contaminated water, as an initial short term remedial activity;

   (e) trial excavation of the bedrock and selection and implementation of the appropriate technology for remediation of the contaminated groundwater and bedrock;

   (f) removal from the site of any wastes that cannot be destroyed or decontaminated; and

   (g) continuation of an appropriate groundwater monitoring program.

4. This Order does not apply to the storage of PCB waste on the site after December 31, 1991 except for such wastes contained in rock cores obtained during investigations and such wastes as may be produced by the existing water treatment facilities which are treating contaminated groundwater collected by the aquifer purge well system or by such other water treatment facilities that may replace the existing facilities from time to time for the same purpose. All PCB wastes on the site which are not being destroyed under this exemption order nor retained for research purposes that can be legally stored or disposed of at any other location shall be removed from the site as soon as possible.

5. The Liaison Committee referred to in reason A and the Municipal Council shall be consulted and kept advised with respect to the details of the undertaking as they are developed and progress is made in their implementation.

6. The undertaking shall be monitored by the Ministry of the Environment and/or its agents to ensure that the waste management activities do not result in injury or damage to persons and property.

7. A written report shall be prepared on the undertaking and updated annually over the period in which the contaminated wastes are managed. The report shall describe the activities and the results of the ongoing monitoring program and how the terms and conditions of this Order are being complied with. The report shall be submitted by the Regional Director, West Central Region of the Ministry of the Environment to the Director of Environmental Assessment Branch for filing in the public records. O. RAGE

2 (1) Le médecin, vétérinaire ou agent de police, ou toute autre personne, possédant des renseignements sur une morsure par un animal, ou tout autre contact avec un animal, susceptible de provoquer la rage chez l'être humain en avertit le médecin-hygiéniste le plus rapidement possible et lui communique ces renseignements.

(2) Le propriétaire ou la personne ayant la garde et la responsabilité des soins d'un animal qui, selon le cas :

a) a mordu ou est soupçonné d'avoir mordu une personne;

b) est soupçonné par le médecin-hygiéniste d'être enragé, donne au médecin-hygiéniste tous les renseignements et toute l'aide qu'il demande concernant l'animal. Règl. de l'Ont. 471/91, art. 1, *en partie*.

3 (1) Le médecin-hygiéniste qui reçoit les renseignements visés à l'article 2, et qui conclut qu'une personne a été en contact avec un animal enragé ou soupçonné d'être enragé et nécessite un traitement antirabique, communique ces renseignements, y compris les détails sur le contact avec l'animal et le traitement, au chef du service de lutte contre la maladie et d'épidémiologie du ministère.

(2) Le médecin-hygiéniste qui estime qu'un chien ou un chat peut être enragé le fait enfermer et isoler pendant au moins dix jours de sorte à éviter pendant cette période tout contact avec des animaux ou des personnes, à l'exception de la personne qui s'en occupe :

a) soit dans la résidence de la personne qui s'occupe du chien ou du chat si celui-ci ne présente aucun symptôme de maladie;

b) soit à la fourrière ou dans une clinique vétérinaire, aux frais de la municipalité dans laquelle réside la personne qui s'occupe du chien ou du chat, si le chien ou le chat présente des symptômes de maladie ou si le médecin-hygiéniste estime qu'il est peu vraisemblable que la personne enferme et isole le chien ou le chat.

(3) Malgré le paragraphe (2), le médecin-hygiéniste peut, selon le cas :

a) exiger la détention d'un chien ou d'un chat en vue d'un examen vétérinaire de dépistage de la rage et, en fonction des résultats obtenus, faire enfermer ou isoler le chien ou le chat aussi longtemps qu'il le faut pour déterminer qu'il ne présente pas de symptômes de la rage;

b) exiger la destruction d'un animal, à n'importe quel moment, en vue d'un examen de laboratoire pour déterminer si l'animal est au stade infectieux de la rage.

(4) Dans le cas d'un chien ou d'un chat, l'alinéa (3) b) ne s'applique que si l'animal n'est pas réclamé ou si son propriétaire en autorise la destruction.

(5) Le coût de l'examen vétérinaire ou de la destruction visés au paragraphe (4) est à la charge de la municipalité dans laquelle l'animal est détenu ou détruit.

(6) Le médecin-hygiéniste avise dès que possible le plus proche vétérinaire de district de la Division de la santé des animaux, Direction générale de la production et de l'inspection des aliments d'Agriculture Canada, s'il est fondé à croire qu'un animal :

a) soit est enragé;

b) soit a été en contact avec un autre animal atteint ou soupçonné d'être atteint de la rage,

et donne au vétérinaire de district tous les détails de l'incident.

(7) Si les résultats d'un examen de laboratoire amènent à conclure qu'un animal était enragé, ou s'il existe des preuves cliniques de la rage, le médecin-hygiéniste en informe :

a) d'une part, le propriétaire ou la personne qui s'occupait de l'animal;

b) d'autre part, toute personne qui s'avère avoir été en contact avec l'animal pendant le stade infectieux de la maladie, ainsi que le médecin traitant de cette personne.

(8) Si un animal a mordu une personne ou s'il est soupçonné d'être enragé et est entré en contact avec une personne, et qu'il meurt ou est tué, le propriétaire de cet animal ou la personne qui en a la garde en avise le vétérinaire de district de la Division de la santé des animaux, Direction générale de la production et de l'inspection des aliments d'Agriculture Canada, pour que soient prises des dispositions en vue du ramassage de la tête ou du cadavre de l'animal. Règl. de l'Ont. 471/91, art. 1, *en partie*.

PSITTACOSE - ORNITHOSE

4 (1) Le directeur de laboratoire ou le vétérinaire qui apprend ou soupçonne qu'un ou des oiseaux en captivité ou un troupeau de volailles ont été contaminés par l'agent de la psittacose ou de l'ornithose en avise le médecin-hygiéniste.

(2) Le médecin-hygiéniste qui apprend ou soupçonne qu'un ou des oiseaux en captivité ou un troupeau de volailles ont été contaminés par l'agent de la psittacose ou de l'ornithose :

a) détermine l'ampleur de l'infection;

b) prend des mesures pour empêcher la propagation de l'agent infectieux;

c) avise le chef du service de lutte contre la maladie et d'épidémiologie du ministère de l'ampleur de l'infection et des mesures qui sont prises.

(3) Le médecin-hygiéniste qui apprend ou soupçonne qu'un ou des oiseaux en captivité ou un troupeau de volailles ont été contaminés par l'agent de la psittacose ou de l'ornithose exige du propriétaire, aux frais de celui-ci :

a) d'une part, qu'il isole ou isole et traite le ou les oiseaux ou le troupeau de volailles;

b) d'autre part, qu'il fasse examiner par un laboratoire des échantillons de matières fécales ou de tissus provenant de l'oiseau ou des oiseaux ou du troupeau de volailles,

jusqu'à ce que le médecin-hygiéniste soit convaincu de l'absence de l'agent infectieux chez l'oiseau, les oiseaux ou le troupeau de volailles.

(4) Si, selon le cas :

a) l'isolement et le traitement ne parviennent pas à empêcher la propagation de l'infection, ou s'il est peu vraisemblable qu'ils y parviennent;

b) le propriétaire le demande;

c) la personne qui a la garde et la responsabilité des soins de l'oiseau ou des oiseaux ou du troupeau de volailles ne les a pas isolés ou traités,

le médecin-hygiéniste exige que le propriétaire, aux frais de celui-ci, détruise le ou les oiseaux ou le troupeau de volailles et désinfecte les lieux. Règl. de l'Ont. 471/91, art. 1, *en partie*.

5 (1) Le propriétaire ou la personne ayant la garde et la responsabilité des soins d'un oiseau ou d'oiseaux ou d'un troupeau de volailles qui est informé par le médecin-hygiéniste que ces animaux sont contaminés ou soupçonnés d'être contaminés par l'agent de la psittacose ou de l'ornithose fournit au médecin-hygiéniste les renseignements pertinents quant à l'origine de ces animaux et à toute distribution récente d'un oiseau ou d'oiseaux ou d'un troupeau de volailles à partir des lieux, et cite les personnes susceptibles d'être tombées malades par suite d'un contact avec ces animaux.

(2) Si un oiseau ou des oiseaux ou un troupeau de volailles sont isolés aux termes de l'alinéa 4 (3) a), le propriétaire ou la personne ayant la garde et la responsabilité des soins de l'oiseau ou des oiseaux ou du troupeau de volailles avise le médecin-hygiéniste aussitôt que possible de la mort d'un oiseau pendant la période d'isolement, et conserve puis élimine l'oiseau, les oiseaux ou le troupeau de volailles conformément aux directives du médecin-hygiéniste. Règl. de l'Ont. 471/91, art. 1, *en partie*.

6 Les volailles ou d'autres oiseaux destinés à l'alimentation humaine qui proviennent d'un troupeau dans lequel on a diagnostiqué l'ornithose ne peuvent être abattus pour l'alimentation que si le médecin-hygiéniste de la circonscription sanitaire dans laquelle se trouve l'abattoir est convaincu que les conditions de l'abattage prévu protégeront les

employés de l'abattoir de l'agent de la psittacose ou de l'ornithose, et autorise l'abattage par écrit. Règl. de l'Ont. 471/91, art. 1, *en partie*.

AUDITOR'S REPORT

MUNICIPAL ELECTIONS ACT (SECTION 131(2))

To:_____, chief financial officer

for _____ candidate

I/we have audited the statement of assets and liabilities and income and expenses of _____, candidate, for the campaign period from _____ to _____ relating to the election held on _____. My/our audit was made in accordance with generally accepted auditing standards and accordingly included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I/we considered necessary in the circumstances except as explained in the following paragraph.

Due to the nature of the types of transactions inherent in an election campaign, it is impracticable through auditing procedures to determine that the accounting records include all donations of goods and services, and receipts and disbursements. Accordingly, my/our verification of these transactions was limited to ensuring that the financial statements reflect the amounts recorded in the accounting records of _____, candidate, in accordance with the accounting procedures established by the **Municipal Elections Act** and I was/we were not able to determine whether any adjustments might be necessary to receipts and disbursements.

In my/our opinion, except for the effect of adjustments, if any, which I/we might have determined to be necessary had I/we been able to satisfy myself/ourselves as to the completeness of the records as described in the preceding paragraph, these statements present fairly the information contained in the accounting records on which the statements are based in accordance with the accounting treatment prescribed by the Act.

The Act does not require me/us to report, nor was it practicable for me/us to determine that contributions reported included only those which may be properly retained in accordance with the provisions of the Act.

Rapport du vérificateur

Loi sur les élections municipales
(Paragraphe 131 (2))

Destinataire :

_____, directeur des finances

de _____, candidat

Nous avons vérifié les états de l'actif et du passif et des recettes et des dépenses de _____, candidat, po

la période de campagne électorale allant du _____ au _____ et relative aux élections municipales

tenues le _____. Notre vérification a été effectuée conformément aux normes de vérification généralement reconnues et a comporté, par conséquent, un examen général des méthodes comptables ainsi que les sondages des livres comptables et d'autres pièces justificatives que nous avons jugé nécessaires dans les circonstances, sous réserve des précisions présentée dans le paragraphe suivant.

En raison de la nature des opérations menées durant une campagne électorale, les méthodes de vérification ne peuvent vraimen établir si les livres comptables comprennent bien tous les dons de biens et de services et toutes les entrées et sorties de fonds survenus durant la période de campagne électorale. Notre vérification de ces opérations s'est donc limitée à assurer q

les états financiers sont conformes aux sommes inscrites dans les livres comptables de _____, candidat, conformément aux méthodes comptables établies par la Loi sur les élections municipales. Nous n'avons pu établir s'il était nécessaire de redresser les entrées et les sorties de fonds.

À notre avis, sous réserve de l'effet des redressements susmentionnés, le cas échéant, que nous aurions trouvé nécessaire d'apporter si nous avions pu nous assurer de l'exhaustivité des livres, telle que nous la définissons au paragraphe précéden ces états présentent fidèlement l'information contenue dans les livres comptables sur lesquels ils se fondent, conformément l'application des traitements comptables prévus dans la Loi sur les élections municipales.

La Loi ne nous oblige pas à souligner que les contributions déclarées ne comportaient que celles qui peuvent être conservées conformément aux dispositions de la Loi, ce qui nous était d'ailleurs impossible à déterminer.

8a. The Commission shall calculate a producer's average farm yield in accordance with the following rules:

1. If a producer has not previously been enrolled in the plan or has not been enrolled in the plan during the most recent ten-year period and does not have acreage production records, average farm yield shall be determined by a review of the producer's farmland, the farmland in the district in which the producer's acreage is located and the producer's farming practices, and the average farm yield so determined shall be known as the underwritten yield.

2. If an insured person has at least one, but not more than four, actual yields during the most recent ten-year period, average farm yield shall be calculated by combining the underwritten yield as established under paragraph 1 and the actual yields as indicated in the insured person's acreage production records in the following manner:

No. of Actual Yields	Weight Applied to Underwritten Yield	Weight Applied to Simple Average of Actual Yield
1	80%	20%
2	60%	40%
3	40%	60%
4	20%	80%

3. If an insured person has at least five actual yields during the most recent ten-year period, average farm yield shall be calculated by determining the simple average of the actual yields as indicated in acreage production records.

4. The Commission shall, on an annual basis, compare an insured person's actual yields used in calculating the average farm yield under paragraph 2 or 3 with the average farm yield so calculated.

5. If the comparison undertaken in accordance with paragraph 4 demonstrates that the actual yield in a year exceeds the insured person's average farm yield as calculated in accordance with paragraph 2 or 3 by more than 30 per cent, the Commission shall adjust the actual yield for that year according to the following formula:

$$\text{Adjusted Yield} = \text{Actual Yield} - \frac{2}{3}\left(\text{Actual Yield} - \left(\text{Average Yield} \times 1.3\right)\right).$$

6. If the comparison undertaken in accordance with paragraph 4 demonstrates that the actual yield in a year falls short of the insured person's average farm yield as calculated in accordance with paragraph 2 or 3 by more than 30 per cent, the Commission shall adjust the actual yield for that year according to the following formula:

$$\text{Adjusted Yield} = \text{Actual Yield} + \frac{2}{3}\left(\left(\text{Average Yield} \times 0.7\right) - \text{Actual Yield}\right).$$

7. The Commission shall recalculate an insured person's average farm yield under paragraph 2 or 3 substituting adjusted yield figures under paragraph 5 or 6 for actual yield figures.

(3) Subsection 11 (1) of the Schedule, as remade by section 1 of Ontario Regulation 467/90, is revoked and the following substituted:

(1) For the purposes of this plan, the established price is,

(a) $2 per bushel; or

(1) The total premium is,

(a) $6.80 per acre where the established price is $2 per bushel; or

(b) $10.20 per acre where the established price is $3 per bushel.

2. Subparagraph 3 (2) of Form 1 of the Regulation is amended by striking out "$30" in the third line and substituting "$40".

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

Environmental Assessment Act
Loi sur les évaluations environnementales

SECTION 14

NOTICE OF APROVAL TO PROCEED WITH THE UNDERTAKING

RE: An Environmental Assessment for a Proposed Landfill Site Expansion (Waterloo Landfill).

Proponent: The Regional Municipality of Waterloo.

EA File No. MU-1063 (2)

TAKE NOTICE that the period for requiring a hearing, provided for in the *Notice of Acceptance of the Environmental Assessment* for the undertaking, expired on March 12, 1991. I have received no notices requiring a hearing by the Environmental Assessment Board with respect to approval to proceed with the undertaking.

Having considered the purpose of the Act, the Environmental Assessment of the undertaking as accepted and the submissions received, I hereby give approval to proceed with the undertaking, subject to the following terms and conditions:

1. The Regional Municipality of Waterloo (the "Region") shall comply with all of the provisions of the Environmental Assessment as accepted by the Minister of the Environment except as provided in these conditions and as provided in any Part V *Environmental Protection Act* Provisional Certificate of Approval or Certificate of Approval for the site.

2. Where a document is required for the Public Record, it shall be provided to the Director of the Environmental Assessment Branch for filing in the public record file maintained for the undertaking under the Act.

3. The Region shall participate in a landfill site environmental Liaison Committee (the "Liaison Committee") composed of representatives from the Region, and members of the public including one or more neighbours of the site to provide advice and provide review comments. This Committee is to function within the terms of reference as established by the Region in consultation with affected citizens and approved by the Regional Director of the West Central Region of the Ministry of the Environment (the "Regional Director") as modified from time to time by them.

4. For the purpose of Section 45 of the *Environmental Protection Act*, R.S.O. 1980, ch 141, land which has been used for the disposal of waste shall be deemed to include any lands and waters shown as being within the proposed Limits of Application, in Figure 4.2, the "Proposed Site Development", following page 4-2 of the Environmental Assessment.

5. All financial liabilities that are associated with the design, development, operation, closure, monitoring, leachate and gas collection, treatment and transmission facilities and restoration of affected water supplies related to the site and whether arising out of prior operations of the site or subsequent operations are binding on the Region.

6. The Region shall prepare and submit plans and reports and implement them once approved, all in accordance with more specific conditions to be imposed in the Provisional Certificate of Approval issued in respect of this site under Part V of the *Environmental Protection Act*. These conditions will address at a minimum, the following matters:

    1. site development and operations
    2. leachate migration contingency plan
    3. closure and rehabilitation
    4. leachate collection system
    5. ground and surface water, and leachate monitoring programs
    6. gas migration monitoring program
    7. annual reporting
    8. keeping of daily records
    9. suppressing dust, odours and noise on site
    10. implementation of contingency plans
    11. registration on title of the site
    12. legal survey and land ownership
    13. truck traffic to and from the site.

7. The Region shall provide information to the public and affected landowners on the relocation of the Ontario Hydro transmission line. The information shall include the time schedule and community effects such as service disruptions. The information shall be made available to adjacent landowners in a written letter and generally by a local newspaper advertisement. Copies of the information are required for the Public Record.

8. The Region shall continue to service the entire Region in the management of household hazardous wastes. Facilities shall be convenient and available for use by all residents in the Regional Municipality and their whereabouts and hours of operation shall be published in an appropriate fashion.

9. The Region will respect that part of the environmentally sensitive area (ESPA 15) under Regional ownership to the west of the site such that the limits and characteristics of this area are maintained.

10. The Region will convey to Ontario Hydro sufficient lands for the development of the realigned electrical corridor as outlined in the Environmental Assessment submission and in accordance with preliminary agreement dated March 15, 1990.

11. On or before **October 1st of each year** until the fifth year after the completion of closing of the site, the Region shall issue a report which describes compliance with these and any other conditions of approval, and updates site life projections. A copy of each report is required for the Public Record. The first such report shall be filed not later than October 1, 1992.

12. The Region will undertake a review of the Waste Management Master Plan or equivalent at intervals of not more than five years and prepare a report of each review. A copy of each report is required for the Public Record. The first such report shall be filed not later than **May 1, 1996**.

13. Notwithstanding Condition 1, the expansion capacity of the Waterloo Landfill Site shall not exceed 14,000,000 cubic metres of cover material and waste under this approval.

14. The Region will undertake to set as its primary waste management goal, the reduction, recycling and reuse of potential waste and waste so that remaining waste to be landfilled is minimized. The Region will attempt to reach the goal through measures identified in the EA and based on the forecast of waste tonnage in the Region's Master Plan Documents, and any policies or laws of Ontario directed towards the reduction, recycling and reuse of potential waste and waste.

REASONS:

My reasons for giving approval are:

1. On the basis of the Region's Environmental Assessment and the Review, the Region's conclusion that, on balance, the advantages of this undertaking outweigh its disadvantages appears to be valid.

2. No other more beneficial alternative method of implementing the undertaking was identified.

3. On the basis of the Region's Environmental Assessment, the Review and the conditions of approval, the construction, operation and maintenance of the undertaking will be consistent with the purpose of the Act (section 2).

4. Technical issues will be addressed in the conditions of the Provisional Certificate of Approval.

Dated at Toronto the 13th of September, 1991.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 549/91.
Exemption — Ministry of the Environment — MOE-45.
Made—September 27th, 1991.
Approved—September 27th, 1991.
Filed—October 3rd, 1991.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION — MINISTRY OF THE ENVIRONMENT — MOE-45

Having received a request from the Ministry of the Environment that an undertaking, namely:

> The activities of expanding or upgrading of existing sewage or water systems of the type approved under Order in Council numbers O.C. 2731/83 and O.C. 2227/86,

be exempt from the application of the Act pursuant to section 29; and

Whereas the approvals referred to above, copies of which may be found in the public records maintained under section 31 of the Act, specify the process under which the activities may be proceeded with; and

Whereas the approvals provide that this terminates on the 29th day of September, 1991; and

Having been advised by the Ministry that if the undertaking is subject to the application of the Act, the following damage or interference with the persons indicated will occur:

A. The Crown and persons who use such sewage and water systems will be interfered with and damaged by the undue expense required to prepare environmental assessments for undertakings that may have insignificant adverse effects on the environment.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The environment is protected from adverse effects by processing the expansion and upgrading of an existing sewage or water system under the existing approved process and no significant benefit to the environment would arise by requiring the process to be again reviewed under the Act at the present time.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.

2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.

3. Any activities carried out under this order shall be carried out in accordance with the Ministry of the Environment Class Environmental Assessment document approved under Order in Council numbers O.C. 2731/83 and O.C. 2227/86 except for the provision providing for its termination.

4. Subject to condition 5, this exemption order and the approvals referred to above cease to apply on March 12th, 1994.

5. The date, March 12th, 1994, specified in condition 4, may be changed from time to time by notice published by the Minister of the Environment in *The Ontario Gazette*. O. Reg. 549/91.

REGULATION TO AMEND REGULATION 200 OF REVISED REGULATIONS OF ONTARIO, 1980 MADE UNDER THE CROP INSURANCE ACT (ONTARIO)

1.—(1) Clause 3 (a) of the Schedule to Regulation 200 of Revised Regulations of Ontario, 1980, as remade by section 1 of Ontario Regulation 339/90, is revoked.

(2) Section 6 of the Schedule, as remade by section 1 of Ontario Regulation 490/87, is amended by adding the following clause:

(ba) an earned additional coverage endorsement in Form 2, where an insured person has applied for extended coverage;

(3) Section 8a of the Schedule, as made by section 1 of Ontario Regulation 339/90, is revoked and the following substituted:

8a. The Commission shall calculate a producer's average farm yield in accordance with the following rules:

1. If a producer has not previously been enrolled in the plan or has not been enrolled in the plan during the most recent ten-year period, and does not have acreage production records, average farm yield shall be determined by a review of the producer's farmland, the farmland in the district in which the producer's acreage is located and the producer's farming practices, and the average farm yield so determined shall be known as the underwritten yield.

2. If an insured person has at least one, but not more than four, actual yields during the most recent ten-year period, average farm yield shall be calculated by combining the underwritten yield as established under paragraph 1 and the actual yields as indicated in the insured person's acreage production records in the following manner:

No. of Actual Yields	Weight applied to underwritten yield	Weight applied to simple average of actual yield
1	80%	20%
2	60%	40%
3	40%	60%
4	20%	80%

3. If an insured person has at least five actual yields during the most recent ten-year period, average farm yield shall be calculated by determining the simple average of the actual yields as indicated in acreage production records.

4. The Commission shall, on an annual basis, compare an insured person's actual yields used in calculating the average farm yield under paragraph 2 or 3 with the average farm yield so calculated.

5. If the comparison undertaken in accordance with paragraph 4 demonstrates that the actual yield in a year exceeds the insured person's average farm yield as calculated in accordance with paragraph 2 or 3 by more than 30 per cent, the Commission

shall adjust the actual yield for that year according to the following formula:

$$\text{Adjusted Yield} = \text{Actual Yield} - \frac{2}{3}\left(\text{Actual Yield} - \left(\text{Average Yield} \times 1.3\right)\right).$$

6. If the comparison undertaken in accordance with paragraph 4 demonstrates that the actual yield in a year falls short of the insured person's average farm yield as calculated in accordance with paragraph 2 or 3 by more than 30 per cent, the Commission shall adjust the actual yield for that year according to the following formula:

$$\text{Adjusted Yield} = \text{Actual Yield} + \frac{2}{3}\left(\left(\text{Average Yield} \times 0.7\right) - \text{Actual Yield}\right).$$

7. The Commission shall recalculate an insured person's average farm yield under paragraph 2 or 3 substituting adjusted yield figures under paragraph 5 or 6 for actual yield figures.

(4) Section 11 of the Schedule, as remade by section 1 of Ontario Regulation 573/83, is amended by striking out "70" in the third line and substituting "75".

(5) Subsection 12 (1) of the Schedule, as remade by section 1 of Ontario Regulation 307/89, is revoked and the following substituted:

2. An application for extended coverage shall be made by the first day of May in the crop year in respect of which it is made or not later than such other date as may be determined from time to time by the Commission.

COVERAGE

3. The insured person may purchase an additional 5 per cent coverage in addition to the coverage determined under section 9 of the Schedule if the insured person satisfies the following conditions:

Ontario Ministry of Labour / Ministère du Travail de l'Ontario

NOTICE OF INTENT TO REVIEW SPECIFIC OCCUPATIONAL EXPOSURE LIMITS

Notice is hereby given of the intent to review specific occupational exposure limits listed in the Regulation respecting Control of Exposure to Biological or Chemical Agents, O. Reg. 654/86, and specified in certain designated substance regulations made under the *Occupational Health and Safety Act*, R.S.O. 1980, c. 321 (the Act).

The Joint Steering Committee on Hazardous Substances in the Workplace is a joint committee established by the Minister of Labour in November 1987 to develop and review regulations designed to control worker exposure to hazardous substances. The Exposure Values and Limits Task Force, consisting of labour and management representatives and assisted by representatives of the Ministry of Labour, was established in October 1988 by the Joint Steering Committee to achieve consensus on the fundamental issues and processes related to the setting of occupational exposure limits.

The Ministry of Labour has finite resources and can produce a limited number of in-depth exposure limit criteria documents each year. Therefore, the Task Force concludes that an expedited process which includes examination of the scientific review process, criteria documents and resulting regulated limits from other jurisdictions has merit.

Based on the recommendations of the Task Force conveyed to me by the Joint Steering Committee, I wish to announce that the occupational exposure limits for the substances set out in this Notice will be reviewed. The substances were selected following a review of exposure limits in five jurisdictions which follow a comprehensive process for the setting of exposure limits based on labour-management consultation. The five jurisdictions are the United Kingdom, Germany, Sweden, Norway and the Netherlands. The review revealed that one or more of these jurisdictions has lower occupational exposure limits than those specified in O.Reg. 654/86 or the designated substance regulations for the substances set out in this Notice. The Ministry is currently engaged in collecting supporting scientific information and criteria documents from these jurisdictions for the limits under review.

The process for the review and revision of occupational exposure limits, as established by the Task Force and ratified by the Joint Steering Committee, provides for public consultation. In the near future, I will be publishing one or more notices of the review of the occupational exposure limits for these substances which will invite interested parties to make written submissions.

For further information, please contact the Ministry representative on the Task Force, Dr. Shal Gewurtz, Ministry of Labour, Tel: (416) 326-7920; Fax: (416) 326-7889.

Bob Mackenzie

8. All acreage planted to strawberries in which the insured person has a substantial interest shall be insured under one contract.

DURATION OF CONTRACT

9.—(1) A contract of insurance shall be in force for the crop year in respect of which it is made and shall continue in force for each crop year thereafter until cancelled by the insured person or the Commission in the manner set out in subsection (2) or otherwise terminated in accordance with the regulations.

(2) The coverage provided under a contract of insurance following a year in which there was no claim shall be,

(5) The number of pounds determined under subsections (1), (2) and (3) constitutes the total guaranteed production under a contract of insurance.

11.—(1) For the purposes of this plan, the established price for strawberries is,

(a) 20 cents per pound;

(b) 30 cents per pound; or

(c) 40 cents per pound.

(2) If the insured person fails to select an established price when the person is renewing the contract of insurance, the Commission may select one of the prices set out in subsection (1) as the established price applicable to the contract in that crop year.

12. For the purposes of section 10, the maximum amount for which the Commission is liable under a contract of insurance for a loss in production is the amount obtained by multiplying the total guaranteed production determined under section 10 by the established price selected under section 11.

PREMIUMS

13.—(1) The total premium payable in the crop year is,

PRODUCTION GUARANTEE REPORT

15.—(1) The Commission shall prepare and deliver a production guarantee report to each insured person in each crop year and the insured person shall sign a copy thereof and return it to the Commission.

Form 1

Crop Insurance Act (Ontario)

STRAWBERRIES ENDORSEMENT

The insured person has applied for crop insurance under the Ontario Crop Insurance Plan for Strawberries (the "plan"), and has paid the premium deposit prescribed under the plan.

THEREFORE, subject to the *Crop Insurance Act (Ontario)* and the regulations made under that Act, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is extended to cover strawberries.

HARVESTING OF PLANTED ACREAGE

1.—(1) All acreage planted to strawberries in a crop year shall be harvested unless the Commission, upon written application, consents in writing to,

(a) the use of the planted acreage or any part of it for another purpose; or

(b) the abandonment or destruction of the insured crop or any part of it.

(2) If the harvesting of any planted acreage is not completed and the failure to harvest was not caused by a designated peril, the contract of insurance ceases to apply to the unharvested acreage and no indemnity shall be payable for it.

EVALUATION OF LOSS

2.—(1) If loss or damage occurs prior to harvest, the Commission, upon written application by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, shall determine the number of damaged acres and the potential production of those acres.

(2) If damaged acreage is used for any other purpose or the insured crop on it is abandoned or destroyed in accordance with subparagraph (1), the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the established price by the difference between the guaranteed production for the damaged acreage and the potential production for the damaged acreage determined under subparagraph (1).

(3) If damaged acreage is not used for any other purpose or the crop on it is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (2) shall not be taken into account in the final adjustment of loss.

(4) If the actual production of the harvested acreage is less than the guaranteed production for that acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the established price by the difference between the guaranteed production and the actual production.

FINAL ADJUSTMENT OF LOSS FOR TOTAL PLANTED ACREAGE

3.—(1) The indemnity payable with respect to the total planted acreage in the final adjustment of loss is that payable under paragraph 2.

(2) The indemnity payable under paragraph 2 shall be reduced by the result obtained by multiplying the established price by the amount by which,

(a) the actual production of any harvested acreage exceeds the guaranteed production of that acreage; or

(b) the potential production of any harvested acreage exceeds the guaranteed production of that acreage.

NOTICE OF LOSS OR DAMAGE

4.—(1) The insured person shall notify the Commission in writing as soon as damage occurs in order that a pre-harvest inspection may be made, if,

(a) loss or damage to the insured crop occurs; or

(b) the insured crop or any part of it has been, or is intended to be, sold on a pick-your-own basis.

(2) If the insured person fails to notify the Commission under subparagraph (1), a claim by the insured person is invalid and the insured person's right to indemnity is forfeited.

The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager. The endorsement is not binding upon the Commission until countersigned by its duly authorized representative.

1. If a producer has not previously been enrolled in the plan or has not been enrolled in the plan during the most recent ten-year period and does not have acreage production records, average farm yield shall be determined by a review of the producer's farmland, the farmland in the district in which the producer's acreage is located and the producer's farming practices, and the average farm yield so determined shall be known as the underwritten yield.

a) est dénaturée par l'application d'une quantité suffisante de charbon en poudre sur toute sa surface de façon que l'application de plus de charbon n'altère pas davantage la couleur de la surface;

(i) de chaque côté si le récipient a quatre côtés,

(2) Tous les récipients dans lesquels la viande provenant d'un cadavre d'animal est emballée ont une surface extérieure suffisamment absorbante pour que l'inscription « IMPROPRE À L'ALIMENTATION HUMAINE » ne devienne pas illisible pendant leur manutention, leur entreposage ou leur transport.

(3) Si la viande est transformée, donnée comme nourriture ou stérilisée au moyen de la chaleur dès que possible après la livraison du cadavre d'animal, mais pas plus de soixante-douze heures après celle-ci, le paragraphe (1) ne s'applique pas à l'entreposage, dans une usine d'équarrissage ou un fondoir, de la viande provenant d'un cadavre d'animal :

a) si l'exploitant de l'usine d'équarrissage ou du fondoir est titulaire d'un permis aux termes de la *Loi sur les fermes d'élevage d'animaux à fourrure* et qu'il n'utilise la viande à aucune autre fin que celle, selon le cas :

22 Dans une usine d'équarrissage ou un fondoir, la carcasse des cadavres d'animaux, autre qu'une carcasse dont la viande doit être stérilisée au moyen de la chaleur dans un fondoir, est désossée dans les soixante-douze heures qui suivent sa livraison à l'usine d'équarrissage ou au fondoir. Règl. de l'Ont. 572/91, art. 1, *en partie*.

23 Si un courtier, avant de revendre la viande provenant d'un cadavre d'animal, altère la forme de celle-ci d'une façon qui fait pâlir ou qui élimine la couleur de la surface provenant de la dénaturation de la viande par application de charbon en poudre conformément à l'alinéa 20 (1) a), le courtier :

a) fait subir une autre dénaturation à la viande de la façon et dans la mesure prescrites à l'alinéa a);

27 S'il inspecte un véhicule utilisé pour le transport de cadavres d'animaux, une usine d'équarrissage ou un fondoir, l'inspecteur fait rapport au directeur sur les conditions observées lors de l'inspection. Règl. de l'Ont. 572/91, art. 1, *en partie*.

28 (1) S'il saisit un cadavre d'animal ou de la viande qui provient de celui-ci en vertu de l'alinéa 15 (3) c) de la Loi, l'inspecteur :

a) y attache une étiquette rouge qui porte un numéro de série et l'expression « Ont. Detained »;

b) par la suite et sans délai, avise par écrit le propriétaire du cadavre d'animal ou de la viande ou quiconque en avait la possession :

b) que le cadavre d'animal ou la viande ont été rendus conformes à la Loi ou au présent règlement,

l'inspecteur enlève l'étiquette et lève la saisie du cadavre d'animal ou de la viande.

(3) S'il conclut, à la suite d'une audience, qu'il a été dérogé à la Loi ou au présent règlement de la part du propriétaire du cadavre d'animal ou de viande faisant l'objet d'une saisie ou de quiconque en a possession, le directeur peut ordonner la destruction ou la disposition par un autre moyen du cadavre d'animal ou de la viande de la façon qu'il estime appropriée.

(4) Si une personne est reconnue coupable d'une infraction à la Loi ou au présent règlement à l'égard d'un cadavre d'animal ou de viande faisant l'objet d'une saisie, le directeur peut ordonner la destruction ou la disposition par un autre moyen du cadavre d'animal ou de la viande de la façon qu'il estime appropriée.

(5) Les recettes, s'il en est, provenant de la disposition d'un cadavre d'animal ou de la viande aux termes du paragraphe (3) ou (4) sont versées au trésorier de l'Ontario.

(6) Si un cadavre d'animal ou de la viande qui en provient fait l'objet d'une saisie, nul ne doit, selon le cas :
